

The good we do in this life is all we take with us into the next when we meet our God and Father.

What does that mean?

Simply stated, there is nothing material — money, property and personal possessions — that we take with us from this world.

What we do with those material possessions can live on when they benefit our neighbors in need. Jesus reminds us of the second commandment in Matthew 22:39: “You shall love your neighbor as yourself.”

When you consider Catholic Charities in your Planned Giving, you are helping increase our capacity to meet the needs of the most vulnerable across Northern Colorado. A planned gift is a simple way to create enduring and lasting impact by **supporting neighbors and transforming lives** far into the future.

PLANNED GIVING

Please prayerfully consider including Catholic Charities in a bequest through your:

- Will
- Trust
- Foundation

Or as a beneficiary of your:

- Life Insurance Policy
- IRA or SEP
- Annuity
- Endowment

Most planned giving tools and amendments are straightforward and typically provide tax efficiencies for donors. As always, please consult your estate planning attorney for current federal and state tax laws. If you have already included Catholic Charities in your Planned Giving, please let us know so that we can thank you and share more about the ways your gift is serving those in need.

We are here to serve you. Please contact your Philanthropic Advisor or reach out to Donor Relations at 720-799-9311 or donorrelations@ccdenvver.org.

SUPPORTING NEIGHBORS. TRANSFORMING LIVES.
